FALA Advisory: The intent of Advisory is for every student to have a mentor teacher on campus that grow/cycle with from 7-12th grade. In advisory we develop community/common good, address school & social concerns, do college prep, campus & community culture, team build, discuss teen issues/challenges, mentor middle school/9th graders, community service, guest speakers, TED talks, develop leadership skills. This year we want to add more life skills to Advisory. We meet in Advisory every Friday, 11:05-11:45 (40 minutes).

What clinics/workshops do you think your students could benefit from on Friday, Advisories? (ie; How to change a bike/car tire, make a website, cook with a limited kitchen/dorm, read a map, sew, car maintenance, finances, how to use tools, CPR, write a resume, etc…..)
